### Graphic Organizer - Stem-Changing Verbs (7th)

Choose one stem-changing verb from your notes that isn't already conjugated in the notes (don't do *poder*, *jugar*, *entender*, etc.). In the space below, explain in full how to conjugate the verb you have chosen. Use a conjugation chart, explain what you need to remember about the verb endings, draw the "boot," and write/draw anything else that will help you explain your chosen stem-changing verb. Use color and at the very end write 1 sentence using your verb. You should draw a small picture that illustrates your sentence. Be creative and keep everything neat and organized.
