

Name:

Period:

Date:

### Instructions:

You will be using the verbs “ESTAR” and “IR+a+infinitive” to create two sentences.

1. In the first small rectangular panel on the bottom left of your paper, you will write a sentence with “ESTAR” and say where someone is.

Examples: Yo estoy en el parque. → I am in the park.

María y Paco están en el museo. → María and Paco are in the museum.

2. In the second small rectangular panel on the bottom right of your paper, you will write a sentence using “IR+a+infinitive” to say what someone is going to do in the place where they are at.

Examples: Yo voy a correr con mi perro. → I am going to run with my dog.

María y Paco van a ver las pinturas. → María and Paco are going to see the paintings.

3. Now, in the two larger panels, you will illustrate the situations that you have described in your two sentences.

### Grading:

You will be graded on your level of effort (make sure it doesn't look like you finished it five minutes before it is due) and whether or not your sentences are grammatically correct. Make sure to follow the above instructions and ask me if you have any questions.

**DUE: Wednesday March 7**
