## GRAMÁTICA

### Giving Dates: Day and Month

When you want to give the date, use the following phrase:  
**Es el + number + de + month.**

—Cuál es la fecha de hoy?  
*What is the date today?*

—Hoy es el once de noviembre.  
*Today is the eleventh of November.*

In Spanish, the only date that does not follow this pattern is the first of the month.

**Es el primero de noviembre.**  
*It is November first.*

Notice that the names of months are not capitalized in Spanish.

### NOTA CULTURAL

In Spanish-speaking countries, the date is written with the number of the day first, then the number of the month: el dos de mayo = 2/5 = May 2nd.

## Middle School Classroom Community

**Group Activity** Put students in groups of three or four. Assign each group a different month for which they brainstorm a list of events. Groups make posters of their months, using a web format. The most important events are listed closest to the middle of the web. Posters should be illustrated and shared

**Portfolio** Have students make a calendar with their own decorations. They should include holidays, birthdays, and any other special days.
